Web Design Summer Program for Visiting International Students

Welcome to Asia University, a higher education institute with a beautiful campus and excellent learning environment. Asia University's Summer Program provides an opportunity to prepare you for developing high quality web sites which can be seamlessly used in different browsers. With the practice in classroom, and the capstone project, you will have a whole new learning experience this summer.

About the program

The topic of this summer program includes how to syntactically write the correct HTML5 and CSS3 codes, and how to create the interactive web with JavaScript. In the capstone project, you will develop a professional-quality web site demonstrating your growth as a web developer and your knowledge of accessible web design.

The program features:

Mastering this range of technologies introduced in this summer program will allow you to develop high quality web sites which can be seamlessly used in different browsers such as mobile, tablet, and large screen browsers. The capstone project will include your ability to design and implement a responsive web site that utilizes tools to create a site that is accessible to a wide range of audiences.

Language & Culture Summer Program for Visiting International Students

Here at AU, on one of the most beautiful campuses in Taiwan, we provide you with a unique and diversifyed learning experience in the summer. Our summer program (57 hours in total) is designed to meet the needs of those who come to explore the richness and diversity of Taiwan culture and society in combination with the acquisition of Mandarin Chinese, one of the world's major languages with more than a billion speake s. Courses cover a wide range of topics such as Taiwan cinema and literature, Taiwan temple culture, eating and food in Taiwan, and the like. 3 academic credits will be granted by the school after the completion of the program and students are expected to develop their cross-cultural awareness and to expand their international networking as well as their global perspectives.

About the program

This 3-week program includes intensive Mandarin Chinese language classes and Taiwan culture and society classes. A series of English-delivered lectures and field trips are also included, allowing you in this manner to explore some unique features of Taiwan's ecology and geopolitics.

Our language instructors will help you acquire some survival Mandarin Chinese and become familiar with various aspects of Taiwan culture and society. Students will be assigned TAs or buddies to practice their Mandarin Chinese on a daily basis, being immersed in this manner in a Chinese-speaking environment.

The program features:

During your three weeks of study at Asia University, you need to attend class for six hours a day (3 hours in the morning and 3 hours in the afternoon) and acquire Mandarin Chinese by task-based learning. In the evenings, you may eat in the dining hall, finish homework in your dorm, and participate in social activities. Your learning buddy will be assigned during the three weeks and you will have opportunity make friends with local students, practice your Chinese, understand Taiwanese culture and life styles. Five cultural excursions will be organized during your three-week study. Language classes and cultural activities are designed to meet the specific needs of each individual.
